

LOCAL NEWS.

Alexandria Christian Association.—General Prayer Meeting in the Baptist Church, at 4 o'clock p. m., and every evening during the coming week in the Lecture Room of the Baptist Church, at 8 o'clock. A cordial welcome will be given to all who will attend upon these means of grace.

Village Chapel.—Protracted meeting.

FURNITURE.—The Culpeper Observer says: "If some furniture house in Alexandria, Washington, Baltimore or Richmond would open a branch house here, we think they would do well." If the people in the neighborhood of Culpeper Court House are so much in need of furniture as to long for the establishment of a furniture store in that town, it seems strange that with only a few miles of railroad intervening between themselves and this city, where manufacturers of splendid furniture are in existence, they don't come here to make their purchases. The furniture factory of the Messrs. Green, of Alexandria, has a reputation that extends throughout the South, and each week it fills large orders from different sections of that country.

MEETING OF THE BOARD OF MANAGERS OF THE COMMERCIAL EXCHANGE.—A meeting of the Board of Managers of the Alexandria Commercial Exchange was held this morning, after 10 o'clock. The firm of Monroe, Gentry & Co., Peter Fagan, and Geo. L. Armstrong were elected members of the Exchange. The resignation of M. Eldridge as a member of the Board was accepted, and F. A. Reid elected in his stead. Committees were appointed to endeavor to correct the evils resulting from the high rates of telegraphing and railroad freight, both of which, it was stated, are at present stumbling blocks in the way of Alexandria's trade. The meeting then adjourned.

PLEASURE EXCURSION.—The Relief Hook and Ladder Company of this city propose making a grand day and moonlight pleasure excursion to Carlin's Springs, on Monday next, the 16th inst. The object of this excursion is to raise funds sufficient to make the final payments for a truck, already purchased by the company, and soon to be added to the fire department. From the personnel of the committee of arrangements it is deemed unnecessary to say that the affair will be conducted in a manner that will make it one of the most agreeable excursions of the season; and as the object for which it was projected is certainly laudable, and beneficial to all classes of the city's community, it is hoped that many tickets will be sold.

ALMOST A FIRE.—The alarm of fire this morning, about half-past two o'clock, was occasioned, in consequence of the discovery, by Night Watchmen Ogden and Webster, of smoke issuing from a shed adjoining the back building of the Marshall House. The planks from the fence on Pitt street were ripped off immediately, and the flames, which, it is supposed, had ignited from an ash barrel, were speedily extinguished. Considerable excitement was created among the inmates of the hotel, numbers of whom were instantly up, and in the yard.

RIVER STEAMERS.—A meeting of the Board of Trade of Washington was held this evening in that city, to take action with reference to the proposition made to establish a line of steamers between Washington, Alexandria, and the different landings on the Potomac River. It is stated to be the intention of those who have the management of this new line to put a steamer on the route this fall and another one next Spring.

THE MARKET, this morning, was abundantly supplied with vegetables and fruits. Prices do not vary much from those quoted in our last report. Tomatoes are selling at 40a60 cts. per bushel. Peaches from 30 to 50 cts. per peck. Butcher's meat without change in price. The fish buyers had a tolerable supply of salt water taylor and rock at from 35 to 40 cents per bunch. Butter from 30 to 40 cts. per lb. Eggs 25a30 cts. per dozen.

MARYLAND FERRY BOAT.—The new Maryland ferry boat, will, it is understood, be launched on Tuesday next, from the ways on which she was built, at the lower Ship-Yard. She will not be named, nor will her officers be appointed until after she has been turned over by the contractor for building her, to the company to whom she belongs. Her machinery is almost completed, and will be ready by the time she is prepared to receive it.

STOLEN GOODS RECOVERED.—The coupling irons and pins stolen from the Orange and Alexandria Railroad Company some time since, and found in the junk stores of Messrs. DeWitt and Drifus, by whom they had been purchased, were returned to that company this morning by constable Walsh, the parties who stole them having been committed to jail for examination by the Court.

CORPORATION DUE BILLS DESTROYED.—Eleven thousand two hundred and one dollars and fifty cents, in Corporation bills, of various denominations, were cancelled yesterday evening in the City Treasurer's office, by being burnt, under the direction, and in the presence of the Finance Committee of the City Council.

MR. E. P. WALTON writes to us from Alexandria to contradict the statement made recently by one of our correspondents that he had purchased the Variety Springs. Mr. Walton offers good reasons to justify him in contradicting the statement—first, he does not know of any such sale; and, secondly, he has not the money to pay for the springs if he wanted them.—*Rich. Dispatch.*

ECLIPSE OF THE MOON.—As a general rule, in this city people do not consult the almanac, and consequently the eclipse of the moon which occurred last evening, not having been previously announced in the newspapers, was almost totally unexpected, and gave occasion at first to some surprise, spectators not exactly comprehending why a third of a moon instead of a whole one should make her appearance in the Eastern horizon about the time that the sun made his exit from the Western. The eclipse began at fifty-three minutes past 5 o'clock. The moon rose at eleven minutes past 6, when two and a half digits were eclipsed. The middle was reached at twenty minutes past 7, and the eclipse ended forty-seven minutes past eight. The visible duration of the eclipse was two hours and thirty-six minutes. The number of digits eclipsed was eight on the moon's Northern limb.

KILLED BY A HORSE.—John Ridgeway, an elderly man, employed on the plantation of Messrs. E. C. and F. M. Fitzhugh, about four miles from this city, on the Little River Turnpike, just beyond Cloud's Mill, was found yesterday, between one and two o'clock, lying dead in a field in which he had been plowing, and within a few yards of where the plow, with its two attached horses were standing. It is supposed that he was killed by a kick from one of the horses, as wounds, apparently inflicted by the shoes of a horse, were found upon his breast and shoulders. A coroner's inquest was held upon the body this morning at eight o'clock. The deceased leaves a family of six children, who were mostly dependent upon his labor for a support.

ALEXANDRIA, WASHINGTON AND GEORGETOWN RAILROAD.—The lessees of the Alexandria, Washington and Georgetown Railroad have succeeded in procuring from Baltimore the freight locomotive engine Chickahominy, with which they propose to commence running local freight trains between this city and Washington about the middle of next week. It is thought that in about two weeks from this time the repairs to the lessees' passenger locomotive President, which was injured some time since, and sent to Baltimore, will have been completed, and that then that engine, with a locomotive just built for the lessees at Taunton, will commence running, hourly, passenger trains over the road.

"WEARING OF THE" PANTS.—A pretty girl of seventeen summers, whose name, for obvious reasons, is suppressed, was arrested yesterday evening about sunset by special constable Edlin, for appearing in the streets dressed in a jaunty and well-fitting suit of gents' clothing. She was taken to Justice White's office, but it appearing that her costume was done only for a frolic, she was immediately released.

THEIR ARRESTED.—The colored man who stole a pair of shoes yesterday, from Mr. Maurice Sheehan, was arrested shortly afterwards in "New Town," beyond the Diagonal Pump, by special constable Burnett, but upon his paying for the stolen articles, the charge against him was withdrawn, and he was discharged.

TEMPERANCE MEETING.—A public meeting of the friends of temperance in this city, will be held to-morrow (Sunday) evening, at half-past three o'clock in the Market Square. Distinguished speakers from Washington and this city will deliver addresses on the occasion.

WATCH HOUSE.—There was but one lodger at the Watch-House last night, and he seemed fond of the place, as he had occupied quarters there the night previous.

MONEY FOUND.—A roll of notes was found this morning, in front of Justice White's office on Royal street, by a lady on her way to the market square.

BALL.—If the weather is favorable to-night, a grand ball will be held at the Potomac Gardens.

POLICE REPORT.—MAYOR'S OFFICE.—Chas. Seals, colored, arrested by police officer Webster, for striking Joseph Carter, also colored, last Sunday night, in the face with a pistol, was fined and discharged.

MAGISTRATES' OFFICE.—Mary Odel, colored, for stealing brass and iron from the depot of the Manassas Gap Railroad, was committed to jail for examination by the Court.

Sarah Blender, colored, for stealing brass and iron from the Manassas Gap Railroad depot, was discharged, but in default of bail to appear as a witness in the trial of Mary Odel, was committed to jail.

Elizabeth Pine, colored, for stealing brass and iron from the Manassas Gap Railroad depot, was discharged, but in default of evidence, all the above were arrested by police officers Webster and Davis.

A warrant was issued for the arrest of a colored woman named Catherine Taylor, for fighting and beating another colored woman named Elsey Brent, yesterday evening, near the canal basin.

WASHINGTON ITEMS.—Late on Thursday night, a corporal named George Williams, of the 12th U. S. Infantry, became involved in a difficulty with some soldiers belonging to the same regiment, at Rutherford's restaurant, on Second street east, near B street south, Capitol Hill, which resulted in the stabbing of Williams by one of his comrades, from the effects of which he died last night. McClelland and Eldridge, charged with being concerned in the murder, have been arrested.

Gen. Grant is very fond of a fast horse, and when he gets behind one he travels through the streets at great speed. While thus amusing himself on Fourth street yesterday evening, he ran over a child of William C. Harper, esq., inflicting rather serious injuries. Upon ascertaining the damage he had done, he rode back to Mr. Harper's, expressing many regrets at the occurrence and offered to pay all expenses for medical attendance, &c.

The President and Mr. Seward will attend the Antietam ceremonies on Tuesday next.—Other members of the Cabinet may accompany Mr. Johnson.

THE TRANSFER of the ten thousand dollars worth of waterstock (which the people, through the City Council, held in the Alexandria Water Company) by the City Council, to the First National Bank, will be regarded, by the consumers of water, as a very great mistake, and is now looked upon as a very great mistake, and a large majority of our citizens, with regret, every man admits the importance of having an interest in the spring, pump or hydrant, that supplies him and his family with water; for

under no circumstances can a substitute be formed. If people cannot afford to use gas, they can light their rooms with oil, but for their water, they can find nothing that will take its place, and the Water Company can now charge them what they please; for the transfer of one fifth of the ownership of the works has deprived them of even the poor influence of a protest. We certainly think that if proper management, by the Finance Committee, had obtained, there would have been no necessity for this sacrifice of such an important interest of the people. But instead of wisdom, error triumphed; and in this instance, as in many others, public welfare was I fear made subservient to private view. Therefore, I am heartily sorry that the transfer, under the circumstances was made; and am apprehensive that the people will yet rue the hasty action of those whom they elected to guard their interest.
